

No-Show Policy

AMS Nutrition Counseling, PLLC is committed to providing all patients with exceptional care. When a patient misses an appointment without calling ahead of time, this wastes time of staff and may prevent another patient from being seen. Please call to cancel any appointments that you will not be able to attend as soon as possible.

If you fail to show to **more than** (2) appointments without calling ahead of time, you may be dismissed from the practice, thus being denied of any future appointments. Dismissed patients may not be seen by the practice again.

Arriving 15 minutes or more after a scheduled appointment without previously discussing with a staff member will also be considered a no-show.
